## Media Production Skills

Strong understanding of media production from pre-production, production through post-production. These skills coupled with unique creative approach, leadership, strong communication and organization skills will make me a valuable asset to your crew.

Sound Assistant/Designer/Engineer for various live, theater and recorded events. Providing technical support to help productions fulfill their needs. Show set-up, tear-down and warehouse support. Worked with directors and staff to provide optimal performance environment to actors, musicians and audience.

## Education

Associate of Science (A.S.) Degree in Film Production (60 credits completed)  
Minneapolis Community College, Minneapolis, Minnesota, 1994

Bachelor of Science (B.S.) Degree in Electronics Engineering Technology  
Mankato State University, Mankato, Minnesota, 1985.
